

Why choose **SAIL Online**

SAIL Online is part of the Surrey Academy of Innovative Learning (**SAIL**). We use inquiry and project based learning as a foundation for our online courses. **SAIL Online** offers over 80 online courses at the Grade 10 - 12 level. All courses have online teacher support as well as face-to-face teacher help.

Grade 8 & 9 full time students (not part of the **STEMX** or **STEAM** Academies) may register for our **COMPASS** program.

Enrollment is on a continuous basis.

- 1 Students have the convenience and flexibility to combine their learning with other activities they may take on.
- 2 Students can study and work when they are at their peak energy times and allows for a balance of school, work and family commitments.
- 3 Students can work at their own pace and greatly increase their productivity.
- 4 Students have the opportunity to complete a course in a defined amount of time.
- 5 Students have the opportunity to meet face-to-face with their teacher.
- 6 Students can be full-time or part-time (cross enrolled with another school).

Flexibility

Students may start their courses at any time and have until early June to complete their studies; however, they must stay active in their courses each week. Students must manage their time while they learn independently.

Costs

There are **NO tuition costs** to Canadian Citizens or Landed Immigrants residing in BC, including full-time students, part-time students (cross-enrolled - attending another secondary school in British Columbia at the same time that they take a course with Sail Online), and non-graduated adults.

Enrollment for full-time Grade 8 and 9 students is also free. Please note that Grade 8 and Grade 9 students may not be cross-enrolled.

Students must have access to their own learning devices and computer access with an Internet connection. Google Chrome works best with our learning management system. Courses with textbooks will require a refundable deposit.

International students attending Surrey Public schools are eligible to take courses at a cost of \$800.00 per course.

Graduated adults are no longer eligible to enrol.

CURRICULUM COURSES

SAIL Online
learning without limits

from the
Surrey Academy of Innovative Learning
SAIL

FLEXIBLE PROGRAMS

LINEAR COURSES RUNS SEPTEMBER TO EARLY JUNE.

SPRINGBOARD RUNS APRIL TO EARLY AUGUST.

Registration

Go to our website for complete details.
sailacademy.ca

3 Easy Steps

- 1 Complete and Submit the Online Registration Form
- 2 Attach your ID
 - a. Proof of BC Residency
 - b. Proof of Canadian Citizenship
- 3 Attach your Substantive First Assignment

Students may enroll anytime throughout the year (continuous entry) and have until early June to complete their courses. All courses are self-paced, individualized and supported.

If you are taking a provincially examinable course, you must register on our website for the exam session (November, January, April, May, June) that you would like to write.

What is SAIL?

Surrey Academy of Innovative Learning (SAIL)
Learning without Limits

SAIL is a blended interdisciplinary school where students learn through inquiry and project based learning using a variety of digital tools.

SAIL offers programs for full time grade 8 and 9 students, **STEAM 8, APAX 8, STEM 8 Accelerated (Gifted)** and **COMPASS**, as well as part time programs for cross enrolled students grades 10 – 12 and non-graduated adults.

Support Levels

SAIL instruction is provided by BC certified teachers who provide the highest quality instruction and communication. We believe all of our students can succeed through careful course planning and commitment and dedication to their studies.
