

Course: Socials Studies 9

Course Format: Online

Description: In Social Studies 9 you will learn about;

- the vastly different geographic regions of the North America,
- the First Nations civilizations and how they developed,
- the competition for resources, ensuing conflicts and resolutions that evolved between the European nations,
- how Canada came to be by looking at the issues that arose in our early colonies,
- the many forms of revolution, the conditions that lead to revolutions and why revolutions take the course that they do.
- mapping skills and basic geography.

Recommended Prerequisite: Social Studies 8

Resources: Online readings and resources
