### **SAIL DL Registration Update**

Thank you for your patience as SAIL staff continue to process registration requests. We have had an increase of registration requests this September and we are working through each and every request. We appreciate your patience as our response time to students and parents is delayed due to the increased volume. Please see below for registration information:

#### **For grade 8 or 9 students**

If you are a grade 8 or 9 students from a Surrey School, please consult with your home school about online options. Students are encouraged to stay registered in their home school and work with their home school on the best online option for them, whether that be their own schools blended online program or registering to take courses through SAIL.

Registration for grade 8 & 9 students at SAIL will be facilitated by the home school. After consulting with your home school, if you are registering at SAIL, your home school will provide your registration information to SAIL and we will be in contact with you.

#### **Grade 10, 11 12 Courses**

For all grade 10, 11 or 12 students from Surrey or elsewhere in BC, please go to our website and fill out an application for the 1 or 2 courses you want to take **Cross Enrolled** with us.

You are encouraged to work with your home schools to ensure you choose the best course(s) based on your own specific educational needs. Note that students cannot be registered in the same course at two school. Students must withdraw from the course(s) they want to take online at their home school before we can cross enrol you at SAIL.

An additional note, please be aware that some colleges and universities have different course completion deadlines for online courses used in the university admission process. You should discuss this with your home school counsellor.

For grade 10, 11 or 12 students who want to go **Full Time** online with SAIL, you must withdraw from your home school before you can gain access to our fulltime program. Please work with your home school counsellor to ensure this is your best option.

**Please note: all SAIL courses are offered free of charge for Canadian Citizens and Permanent Residents who normally reside in British Columbia**
