IB DIPLOMA PROGRAMME PATHWAYS

The Johnston Heights IB DP is an inclusive, academic choice programme for Surrey students entering grade 11 in September 2023. Students will study a pathway of choice (see picture) in depth for grades 11 and 12.

The DP is a worldwide recognized program of academic rigor and excellence. In order to achieve success in the IB DP, students should truly LOVE LEARNING! It is for those who are engaged, passionate, maintain an open mind, live ethically, and enjoy complexity. IB DP is a two-year commitment and will take time beyond the regular school day; however, students should still be able to make time for outside hobbies, jobs, and interests.

Being a cohort-model programme, we develop a strong sense of community within each year group and have seen excellent results in students who may struggle with social-emotional regulation and peer engagement.

Johnston Heights has 75-100 seats for each DP cohort. Students and their parents will need to self-evaluate whether they are suitable candidates for this programme. "The DP is a rigorous course of study for motivated students. That said, prior academic success is less an indicator of ability to earn the diploma than are a student's determination to do his or her best, willingness to be organized in order to complete the work while leading a full, balanced life, and a strong commitment to learning in and beyond the classroom" (IBO FAQ). Therefore, there is no minimum grade average for programme admission.
